Subject: Question about Superfund

Hey John, I didn't know you weren't in ORC anymore but instead you are the Superfund Director. Did everyone I know rocket up into the upper stratosphere of management while trolled around at the bottom, slinking out one evening on a VISP? Anyway, are you still playing guitar? We are still going to the prison and playing and picking and generally getting old while doing what we've always done.

I have a question about a Superfund site that one of the principles at my company wanted to know. He says there have been meetings between the RWQCB/DTSC/and Orange County Water District regarding the placement of the OCWD south basin as either a State or Federal Superfund site. He wants to know if there are minutes for these meetings or information from those meetings? Would we have to FOIA to find out about them whether technical only or not?

I told him I was a water guy who loved old-time but hated FOIAs, but that didn't seem to faze him.

Anyway, hope to hear from you soon.

Subject: Orange Count North Basin - EPA/OCWD/DTSC Meeting Tomorrow

Roy and Keith,

I am writing to follow up on my phone conversations with Keith over the past two weeks. I appreciate that OCWD's willingness to meet in EPA's San Francisco offices tomorrow. DTSC representatives will be attending as well.

For EPA, the primary purpose of the meeting to discuss OCWD's position on federal EPA involvement in the investigation and cleanup of the Orange County North Basin plume. There are a number of related issues that we would like to also discuss regarding what a federal lead investigation would entail and how it would be conducted.

I am attaching agenda items that EPA would like to discuss below. Time permitting we can discuss any additional matters that OCWD or DTSC would like to raise.

John Lyons
Acting Assistant Director

Site Cleanup Branch
Superfund Division, Region 9
(415) 972-3889

Agenda Items

- A) Update on DTSC, EPA, RWQCB discussions
- B) Implications of EPA as lead agency for the North Basin
- C) RI/FS Scope Issues
- D) PRPs and Enforcement Process
- E) Next Steps and Path Forward

Lyons, John

From: Lyons, John
Sent: Friday, February 06, 2015 9:49 AM
To: Stewart@DTSC Black
Cc: John@DTSC Scandura
Subject: Fwd: Meeting with OCWD?

Hi Stewart

Following some recent OCWD public statements, we are going to have a meeting w Orange County on feb 17. John, Kurt and I had a short call on this earlier in the week. The Board is not planning to attend . John is planning to attend or call in. Given EPA's issues with Orange County, it would be good to have a short call next week so that you and John have a preview of what EPA plans to raise in that meeting.

Thanks

John

Subject: Re: Meeting with OCWD?

John

Orange County asked for an 11 am start. So we are set for that time on the 17th.

It would be good for you, me and Stewart to talk next week about this next week.

Have a good weekend

John

EPA would like to meet as we discussed earlier this week. We would propose the afternoon of February 17 at EPA's offices in San Francisco.

I will be out tomorrow - there are a couple of related matters that we should discuss Monday.

Thanks

John

If we need to meet, Tuesday, February 10th, at 11:00 am would work well for Roy's schedule from Orange County.

We never got the email asking for meeting. If you
still want to meet, our best day is Tuesday, February
10. Let me know, OK?

I'm checking with Roy and Scott, but let me explore a couple of alternatives:

1. We can do Tuesday, February 10, at 11:00 am.
2. If the meeting is on Tuesday, February 17, could you move up the time to 11:00 am. The three of us have to attend an OCWD board meeting on February 18.

A Monday call would be very helpful. Anytime after 11:00 am works for me. Please give me a window. Thanks!

I don't get it. Who is driving the meeting? Is Enrique or HQ involved?
